

# Programa Testarea Manuală

Wantsome – The friendly IT Academy

## Programa

1.	Automation intro, concepts	3
2.	Web testing, native testing, mobile testing	3
3.	Java & Junit	3
4.	Backend & API testing	3
5.	RestAssured DSL library example	3
6.	Selenium introduction	3
7.	Selenium - Navigation	3
8.	Selenium - Interrogation	3
9.	Locators: ID, CSS, Xpath	3
10.	Selenium - Manipulation	3
11.	Selenium - User interaction	3
12.	Advanced Selenium 1:	3
•	Alerts	3
•	Frames	3
13.	"Advanced Selenium 2:	3
•	Cookies	3
•	Javascript	3
14.	Test Automation patterns 1: Page Objects	3
15.	Test Automation patterns 2: Keyword Driven	3
16.	Test Automation patterns 3: Data driven	3
17.	Test Automation patterns 4: Hybrid	3
18.	Serenity reporting	3
19.	Recapitularea intregului proces si aplicarea tuturor cunostintelor asimilate	4
20.	Simularea unui proiect cap - coada	4
21.	Simularea interviurilor si softs kills	4

1. Automation intro, concepts
2. Web testing, native testing, mobile testing
3. Java & Junit
4. Backend & API testing
5. RestAssured DSL library example
6. Selenium introduction
7. Selenium - Navigation
8. Selenium - Interrogation
9. Locators: ID, CSS, Xpath
10. Selenium - Manipulation
11. Selenium - User interaction
12. Advanced Selenium 1:
  - Alerts
  - Frames
13. "Advanced Selenium 2:
  - Cookies
  - Javascript
14. Test Automation patterns 1: Page Objects
15. Test Automation patterns 2: Keyword Driven
16. Test Automation patterns 3: Data driven
17. Test Automation patterns 4: Hybrid
18. Serenity reporting

19. Recapitularea intregului proces si aplicarea tuturor cunostintelor asimilate
20. Simularea unui proiect cap - coada
21. Simularea interviurilor si softs kills
